## GENERAL BEAR HUNTING INFORMATION

- Hunters can add a boat/ motor/ fuel package for \$300 / hunter / week based on 2 hunters in the boat or rent a boat & motor with 1 tank of fuel daily for \$125 /day.
- With 2 weeks notice, Air Ivanhoe can organize ground blinds rather than tree stands (depending on the location) for hunters who are unable or prefer not to hunt from a tree stand. All tree stands setup by Air Ivanhoe are metal, double wide (2 man capacity rated at 400 lbs. or more), ladder style tree stands with a safety rail giving hunters very comfortable and extremely safe hunting platforms.
- Air Ivanhoe can accommodate archery, muzzleloader, shotgun, and rifle hunters but like any other big game hunt where there is no distinct archery / rifle season, all hunters are highly recommended to bring a large rifle with multiple shots for their best opportunity to successfully hunt and then locate their trophy.
- While the spring and fall seasons do extend beyond the dates that we have listed, we believe that the dates selected are the absolute best time frames to successfully bait and harvest black bears in our area.
- Our bear hunting packages are all based on 2 or more adults / group, not necessarily 2 or more hunters. You can combine hunters/fisherman and other friends/ family members in your same private cottage. Fishermen and general accommodations rates are located at page 9 of the brochure. Larger groups will be accommodated in larger cottages.

## GENERAL INFORMATION FOR ALL HUNTERS

Hunter orange vests and hats are generally required when hunting.

To purchase a hunting licence, hunters must provide proof of hunter competency by way of a previous big game hunting licence. We sell hunting & fishing licences and export permits.

Non Resident Hunters arriving in Canada with firearms will pay a \$25 firearm import fee (for up to 3 firearms /hunter) and \$35 wildlife export fee for a moose, bear, or wolf.

Groups looking for grouse, rabbit, and waterfowl hunting will be required to purchase those licences, but otherwise will follow fishing /accommodations rates found on pages 7, 9, and 10.

**Hunt Cancellation Policy:** If you cancel your trip 180 days prior to your trip, you will receive 90% refund. You can however modify your hunting trip dates (subject to cottage availability) within the same calendar year and use your entire deposit.

### Ontario Big Game Party Hunting System (Moose & Bear)

Dates above are estimated at the time of brochure printing and will be officially released in April 2021 by the Ontario Government

Group hunting is permitted in Ontario with several conditions regarding maximum distance and ability to effectively communicate. All group members must purchase a hunting licence for that big game animal, but can fill their tag and continue hunting or harvest an animal, and have a group member use their tag. For moose groups, it means that anyone in the group can harvest a bull or cow (if a group member has these tags), not just the tag holder.
