

BEAR HUNTING - 2025

FALL BEAR HUNT DATES: AUG 17-24, 2025

DRIVE-IN TROPHY BEAR HUNT

BEAR HUNTING INFORMATION 2025: We will be operating a 1 week semi guided housekeeping bear hunt in 2025. For conservation purposes, we are limiting our guests to 6 Bear hunters in 2025, and the Minimum group size is 2 bear hunters. We supply private accommodations for each group of hunters. Our Bear Management area is over 350,000 acres, with dozens of bait sites / tree stands situated next to well maintained logging roads.

You will arrive Sunday afternoon August 17, and will start hunting Monday morning August 18.

Rate: \$2,195 CANADIAN FUNDS & Tax & Licences. MINIMUM 2 HUNTERS.

Price Includes: Private accommodations/2 active bait sites per hunter with tree stands & trail cams setup/bear bait for the duration of the hunt/skinning/quartering/freezing your bear.

In this package, guests will arrive on Sunday afternoon, and Monday morning will be shown bait sites and start hunting. After this point, guests will be responsible for re-baiting and checking the trail camera's, transportation and fuel in their own vehicles to and from the bait sites for hunting, as well as field tracking, gutting, and getting their bear back to the Drive-In Lodge at Ivanhoe Lake. A GPS is essential (preferably with the Ontario topo maps pre-installed) because the most active bear baits may be located between 15 - 40 miles from our Drive-In Lodge, with frequent Y's on unmarked logging roads. Additional assistance for tracking and/ or animal retrieval from the woods to the lodge is available on an "as needed" basis at a rate of \$50/guide/ hour.

Deposit & Payment Schedule: \$500 each Bear Hunter, and balance of payment is due on arrival.

CANCELLATION POLICY: The Minimum deposit of \$500 per hunter is non refundable after Dec 31, 2024.

GENERAL BEAR HUNTING INFORMATION

- Hunters can rent a boat/motor at a reduced rate for \$150/day or \$600/week, which includes 1 tank of fuel. We will supply boat operation instructions, fishing hotspot and lake hazard maps, and temporary boating safety licences for all guests seeking to use the rented equipment during the trip.
- With 2 weeks notice, Air Ivanhoe can organize ground blinds rather than tree stands (depending on the location) for hunters who are unable or prefer not to hunt from a tree stand. All tree stands setup by Air Ivanhoe are metal, double wide (2 man capacity rated at 400 lbs. or more), ladder style tree stands with a safety rail giving hunters very comfortable and extremely safe hunting platforms.
- Air Ivanhoe can accommodate archery, muzzleloader, shotgun, and rifle hunters but like any other big game hunt where there is no distinct archery / rifle season, all hunters are highly recommended to bring a large rifle with multiple shots for their best opportunity to successfully hunt and then locate their trophy. Suggested Calibers - 300 Win Mag Rifle / 12-Gauge Slug Shotgun.

SMALL GAME HUNTING 2025

- Air Ivanhoe operates in an area with plenty of access to logging roads and trails, which are perfect for grouse hunting. The ruffed grouse population is excellent.
- The area also offers excellent rabbit hunting, and plenty of waterfowl opportunities. We are not on a main flyway, but there are lots of local mallards and black ducks, and arctic diver ducks start to arrive in early October.
- Our standard cottage rentals offer a 10% discount if parties stay 4 days or longer, and as a "Small Game Special", we will increase that to a 25% discount for your stay if you stay 4 days or longer. Party of 2 on a 4 night stay would be \$630 + tax.
- Boat/Motor & 1 tank of Fuel at \$150 per day or \$600 per week for the fall hunting special.
- Most grouse hunters in Northern Ontario slowly drive logging roads. We also suggest hunters bring 4 wheelers for bird hunting, and there are plenty of walking trails.

Available Dates:

September 15-October 17, 2025 &

October 25th-November 15th, 2025

Add \$250 / adult / week for additional hunters up to a maximum of 4 guests in the Log Cottage, and 8 guests in the VIP Suite.
"Calf Hunt" packages are only available during and after the second week of the rifle season.

GENERAL MOOSE HUNTING INFORMATION

Accommodations: The accommodations supplied at the Drive-In Lodge, as well as our accommodations in Foleyet, include all bedding, towels, and dishes/pots/pans etc. The cottages have heaters, full kitchens and bathrooms, high speed internet, and BBQs.

Hunt Duration: All packages offered at the Drive-In Lodge are based on a 7 Day hunt, starting on a Saturday. Any additional nights prior to (or after) the 7 Day hunt are \$60 per hunter per night (if available).

River Hunts: If you're interested in traditional "water hunting" and more fishing, we also have 2 Boat-In Cottages up the Ivanhoe River in WMU 31, located approximately 8 and 14 miles by water from our Drive-In Lodge. Guests would need to bring or rent boats to hunt from these locations. These river camps are priced out as 1 VIP Suite or 1 Large Cottage.

Registered Guests: Anyone hunting an Air Ivanhoe Limited supplied moose Tag needs to be a "Registered Guest", and must sleep in the accommodations supplied by Air Ivanhoe Limited. During the hunt, all registered guests must carry documentation of such, to be presented to MNR conservation officers on demand.

Deposit and Payment Schedule: Moose hunting deposit is \$2,000 per adult moose Tag supplied in the package. Guests are also responsible for Tax and Licences.

Cancellation Policy: The Minimum deposit of \$2,000 is non refundable after Dec 31, 2024.

September 27, 2025 for Residents

September 29, 2025 for Non-Residents

Dates above are estimated at the time of brochure printing and will be officially released in April 2025 by the Ontario Government.

Ontario Big Game Party Hunting System (Moose & Bear)

Group hunting is permitted in Ontario with several conditions regarding maximum distance and ability to effectively communicate. All group members must purchase a hunting licence for that big game animal, but can fill their tag and continue hunting, or harvest an animal and have a group member use their tag. For moose groups, it means that anyone in the group can harvest a Bull, Cow, or Calf (if a group member has these tags), not just the tag holder.
